

Important Health and Safety Information from the Ulster County Department of Health and Mental Health

Prescription drug abuse is one of the major sources of substance abuse in Ulster County. One of the biggest sources of access to these drugs is excess and expired medications in our homes. Disposing of unwanted medications can help mitigate the threat and help keep our families and community safe. *Following is a list of medication drop boxes where you can dispose of unwanted medications, anonymously and with no questions asked. **Please check with each location for specific days and hours of public access.***
